

WILSON CONFERS WITH SENATORS

Discusses Advisability of Going Before Congress Before Adjournment

MAY ASK RESOLUTION

Congress May Be Asked To Authorize Wilson To Take Any Necessary Measures

URGES PASSAGE OF BILLS

WASHINGTON, Feb. 17.—The advisability of going before congress before the end of the present session March 4, to make certain that he be clothed with sufficient power to protect American lives and property from German submarine activities was discussed by President Wilson today with members of the senate, whom he called into conference during a brief visit to the capitol.

The suggestion was made that congress might be asked to pass a broad resolution authorizing the president to take any necessary measures for the protection of American rights and avoiding specific stipulations as to how the protection should be afforded.

The general feeling here has been that Germany's submarine campaign sooner or later will lead inevitably to such a violation of American rights as will require the further action forecast by the president in his address to congress two weeks ago. The president is understood to feel however that when the time comes the solution outlined in that address should be followed out literally and the steps taken should constitute an extension of further protection to American interests rather than a declaration of war.

President Wilson's visit to the capitol is understood to have been primarily for the purpose of discussing with senators the legislative program and to urge passage of various administration bills during the remaining two weeks of the session.

With most of the senators seen he did not talk of the foreign situation and the impression gained ground among some of them that he did not consider the emergency any more immediate than he did several days ago.

Just before going to the capitol the president paid a brief visit to Secretary Baker at the war department and while it was thought possible that they discussed universal military training the secretary would make no statement.

URGES PROMPT ACTION

President Wilson went to the capitol late today in an effort to get prompt action on important bills in his legislative program and avoid an extra session.

The measures discussed by him at a series of conferences with senators included the naval appropriation bill, the Webb bill, allowing American exporters to establish common selling agencies abroad; waterpower bills, the espionage bill, railroad legislation and the revenue bill.

The president saw Senators Simmons, Pomerene, Bankhead, Hitchcock, Overman, Thompson, Newlands, Chamberlain, Tillman and Swanson, and all of them assured him every effort was being made to complete his program. Doubt was expressed by several however, as to whether all the items desired could be acted on in the remaining two weeks of the session.

ASK SPORT WRITERS TO SUPPORT PLAN

DETROIT, Mich., Feb. 17.—Jos S. Jackson, of Detroit, president of the baseball writers of the country night issued a statement asking the baseball writers of the country to support the recently announced plan for military drill for major league ball players.

Prominent baseball men believe that the success or failure of the plan rests with the sport it shall receive from the writers, Jackson said.

"The baseball authorities wish the writers to efface the wrong impression that there is an attempt, or a hope to raise immediately a fighting force from the ranks of the baseball players," Jackson said in the statement. "They are striving for a moral object—to have the ball players, who are the idols and in some cases the idols of the youth of the country set an example that will be followed by those of whom it must depend in case of war."

BURY MURDERED AMERICAN COWBOYS

CAMPBELL'S RANCH, N. M., Feb. 17.—Via Automobile courier to Hatch, N. M.—A. P. Peterson, Burton Jensen and H. A. Acord, murdered by Mexican bandits were buried here today.

While mounted Mormon scouts patrolled the Mexican boundary line to prevent a surprise attack by bandits, cowboys and homesteaders stood about the graves with wide brimmed hats in one hand and rifles in the other.

CONTINUE CLOSE WATCH ON CUBAN SITUATION

State Department Decides On No Further Steps

Official Reports Indicate No Radical Steps Either in the Plans of the Liberals or Those of the Cuban Government.

BULLETIN

SANTIAGO DE CUBA, Feb. 17.—When Liberal forces took possession of the sugar mill at Palma Soriano owned by President Menocal today, they captured two brothers of the president. The Menocal brothers will be brought here for safe keeping.

The mill was abandoned by government forces and is in control of Liberal troops who had given guarantees it will not be damaged.

Washington, Feb. 17.—A close watch on the situation created in Cuba by the insurrection of Liberals was continued by the state department today but no further steps were decided upon and official reports indicated that no radical steps either in the plans of the Liberals or those of the government.

Rebels still hold Santiago and Camaguey and minor successes in small towns and in the country nearby reported. The government troops it was said were moving steadily towards the occupied districts and reports from Havana indicated President Menocal's call for volunteers was being answered by many of the better class.

It was declared today that unless made necessary by developments no steps toward interference by the United States would be taken until the reports asked for had been studied.

Administration officials have made it plain that there is no disposition to interfere with Cuban affairs unless they are compelled to in order to guarantee to the people of that country a stable government.

Report Unimportant Fighting

Havana, Feb. 17.—Reports of unimportant engagements between government troops and rebels in Santa Clara and Camaguey provinces were received today. Col. Amiel's force attacked a band of rebels under Fidel Cruz near Santisima Trinidad, Santa Cruz province, reports say, and seven rebels were killed including Cruz. Troops have dynamited the bridge at the mouth of the river Zaza in Santa Clara province to protect cable communications.

It is reported that Sancti Spiritus in the eastern part of Santa Clara province has been captured by government troops. Near Cidra Camaguey province, government troops killed two rebels including the second in command named Odellin. They also captured some ammunition.

BERNSTORFF SPENDS QUIET DAY ABOARD SHIP

Inspectors Intimate It Might Require a Week or More to Com- plete Examination of Ship.

Halifax, N. S., Feb. 17.—Count Von Bernstorff, former German ambassador to the United States and members of his party homeward bound on the Scandinavian-American Steamer Frederik VIII, had a comparatively quiet time aboard ship in British waters here today.

None except the government officials and inspectors was permitted to pass the cordon of naval boats that steamed back and forth near where the Frederik was at anchor in Bedford Basin.

The monotony of the enforced stay was relieved somewhat when a batch of American newspapers was taken aboard to be eagerly read by Count Von Bernstorff. Editions of the local newspapers were sent to the ship. It was learned that the examination of the Frederik's cargo was well under way tonight. Some of the inspectors intimated it might require a week or more to complete the examination.

There was a stir along the water front during the afternoon over the report that Hans Tauscher and Wolf Vonlogel, indicted in the United States some time ago for an alleged attempt to destroy the Welland canal would be taken off the Frederik under orders from London. Admiralty authorities declared such reports were without foundation.

It was pointed out that Tauscher was acquitted and that the state department at Washington had ordered Vonlogel's bond cancelled. He had never pleaded to the indictment.

At the point in Bedford basin where the Frederik is anchored the view of the city is obstructed and the passengers are isolated so far as this city is concerned as if they were far out at sea. Countess Bernstorff was said to be suffering from a slight nervous attack.

WEATHER FORECAST FOR COMING WEEK

WASHINGTON, Feb. 17.—Weather predictions for the week beginning Sunday issued today by the weather bureau are:

Great lakes region: Frequent snows first half of week and probably again Friday. Cold first half of week; warmer after Wednesday. Plains states and upper and middle Mississippi valleys: Snows probable at beginning of the week; generally fair after Monday; cold first half and considerably warmer latter half of week.

EPIDEMIC BREAKS OUT AMONG CATTLE

Malden Rock, Wis., Feb. 17.—An epidemic known as "black leg" has broken out among cattle in this vicinity and many farmers have reported losses from one to six head.

TURKEY WILL PERMIT AMERICANS TO LEAVE

Ambassador Elkus at Constantinople Advices State Department of Action.

Washington, Feb. 17.—Permission for the departure of the American refugees from Turkey has been given by the Ottoman government, Ambassador Elkus at Constantinople advised the state department today.

American missionaries in Syria, Palestine and Turkey are awaiting transportation at Beirut.

The naval collier Caesar and armed cruiser Des Moines are now at Alexandria, Egypt, loaded with food supplies and relief stores for delivery in Syria and Palestine.

State department officials said the question of Germany's submarine blockade which extends into Mediterranean waters would have to be taken into consideration before the vessels are dispatched to Beirut.

Ambassador Elkus said the Turkish government had reduced the quarantine from thirty to one or two days in order that the Americans might leave immediately.

ATTACK PROVISIONS OF ESPIONAGE BILL

May Result in Modification of More Drastic Sections

Senator Cummins Leads Attack, Denouncing Particularly the Ex- tensive Powers That Would Be Given the President.

Washington, Feb. 17.—Provisions of the administration's espionage bill, giving the president sweeping authority in proceeding against foreign agents, were attacked by several senators during debate on the measure today and senate leaders indicated that some of the more drastic sections might be modified before passage was asked. Senator Cummins led the attack denouncing particularly the extensive powers that would be given the president to use the army and navy to preserve neutrality. Senator Lee declared the provision for safe-guarding defense secrets was too drastic and Senator Walsh suggested that the language of the espionage section was ambiguous. The general provisions of the bill however, were defended by Senator Walsh and Senators Overman and Reed also supported them.

Tyrants of olden times, Senator Cummins declared, never dared to exercise the authority over their people which would be given the president in the espionage bill. He referred particularly to the section making it a criminal offense in time of war for any one in "violation of regulations to be prescribed by the president, which he is hereby authorized to make and promulgate" to collect, record, publish or communicate information relating to armed forces of the country.

"Such a provision delegates to the president," said Senator Cummins, "the right of absolute suppression of free speech and absolute overthrow of a free press. With such authority the president could suppress every suggestion concerning the national defense in every newspaper in the land. I am not sure he would be able to make it an offense for members of congress to discuss the national defense here."

AUTOMOBILE BANDITS ESCAPE AFTER FIGHT

DANVILLE, Ill., Feb. 17.—After a running battle with policemen at Kentland, Indiana, automobile bandits who robbed the postoffice at Waukega, Ill., this morning, escaped. They were traced to Cedar Lake, Ind., where an effort was being made to surround them.

Shortly after 2 o'clock this morning one of the robbers accosted Night Marshal Harper as he made his rounds at Waukega. While he held the officer in conversation three others attacked him from behind and overpowered him. The bound and gagged officer, tied him to a table in the postoffice while they fired five shots in the safe. They escaped in an automobile. The marshal was found an hour later and all towns within a radius of one hundred miles notified.

Kentland officers lay in wait for the car, attempted to stop it and were fired on. They gave chase, a number of shots being exchanged, but none injured.

Washington, Feb. 17.—There is possibility that the danger zone announced by the British authorities for the North Sea may allow the sailing of the whole Belgian relief fleet. It is understood that Great Britain's move allows a narrow open channel between her zone and the German zone through which relief ships might pass.

FIND TWO GUILTY

Auburn, N. Y., Feb. 17.—Wyllie B. Jones and Herbert E. Woodward were found guilty in United States court for fraudulent use of the mails selling Sargol, an alleged "flesh producer," were sentenced by Judge George W. Ray today to pay fines aggregating \$39,000. The defendants waived appeal and paid their fines. Jones paid \$20,000 and Woodward \$19,000.

DR. T. H. STUCKY DIES

GERMAN PEOPLE UNITED SOLIDLY

Danger of Serious Internal Disturbances Regarded as Remote

AMERICANS GIVE VIEWS

Germans Have Utmost Faith That Submarines Will Force England to Her Knees

STILL BACK CHANCELLOR

BERNE, Switzerland, Feb. 17.

From a Staff Correspondent of the Associated Press.—There is no doubt in the minds of Americans who have come to Switzerland from Germany since the severance of diplomatic relations between Berlin and Washington that the German public today presents a solid front. Any danger of serious internal disturbances, such as has been hinted at in publications outside of Germany, is regarded as being as remote as it was many months ago. Nevertheless the state of public opinion has become a pressing problem, especially during the last few weeks.

From these Americans some of whom have had exceptional opportunities to study internal conditions in Germany the following information, representative of their generally expressed views has been obtained:

The attitude of the German people became more of a problem when the break with America occurred, not because any overwhelming majority was opposed to the break, but because it followed so closely on the heels of the widespread peace talk, coming at a time when the yearning for cessation of hostilities had lately received such enormous impetus. There exists in Germany a cynical, tho not disloyal minority, that frankly believes the peace offer was not made in the expectation that peace could be brought about, but for the purpose of heartening a large but only potentially dangerous, stratum of the population which is tired of war. This section has been antagonized by the unrelenting and uncontrollable Pan-German element, which has clamored for the annexation of at least for very material increase in territory. A majority of this element longs with increasing anxiety for peace.

The growing opinion that Germany cannot hope to obtain all that is desired by the extremists and the passionate desire to have it all over with on any reasonable basis and to get the members of the families back home, has brought into being in the last few months a more or less powerful peace party.

The peace move brought about unification to a degree probably beyond the utmost hoped for. The German people today are as united as at no other time since August, 1914. They have utmost faith that the submarines will force England to her knees. They are permeated with the conviction that unneutral America has already done everything possible to injure Germany by unofficial aid to the allies, that it is not to be feared economically any more than before and that the military sense it does not count. The Germans are united, from the lowest to the highest, in the belief that the entente allies intend to dismember their nation and consequently are determined to fight with the utmost energy and with every weapon.

The great bulk of the people is still back of the chancellor and even under the new conditions would be perfectly satisfied with a solution on the basis of the status quo caring little or nothing whether Germany obtains Belgium, Poland or Lithuania. Not a word in regard to indemnity has been heard from these quarters since early in the war.

An honorable and dignified peace is what is desired. It is the estimate of conservative Germans, American observers say, that the government would have been unseated had the decision to resume unrestricted submarine warfare really represented a triumph for the Pan-German element. As it is, the government remains in power supported by a people that for the time being has agreed to adopt Pan-German methods, but which has a passionate desire for peace at the earliest possible moment.

Attention is directed also by these Americans to another phase of the problems having to do with German public opinion which is presented by the relations with the empire's allies. Tho Germany has heralded persistently the cordiality and indisolvability of relations with the empire's allies, it has been an open secret for a long time that Austria, in particular is bitterly jealous of Germany, on the one hand and that Germany has had to exert strong influence at times to keep the dual monarchy in line. Austrians had never felt the great need that Germany has experienced almost from the beginning and has never acquiesced gracefully in measures prescribed by Germany as absolutely essential.

RELIEF COMMISSION IN NEED OF MONEY

Hoover Officially Fears That Commission Will not be Able to Carry Its Task to a Successful Conclusion.

Washington, Feb. 17.—A fear that the American commission for Relief in Belgium may not be able to carry its task to a successful conclusion was voiced by Herbert C. Hoover, director of the organization in an address tonight before the National Geographic Society.

Mr. Hoover said that despite the gratitude abroad for the help given by Americans the European nations had not forgotten that the contributions of \$10,000,000 from this country equalled only one third of the profit Americans had made out of Belgian relief. He made no direct reference to the situation that has confronted the commission since the break between the United States and Germany.

CREW OF AMERICAN SCHOONER REACH ITALY

Capt. M'Donough Describes Destruction of His Ship

Vessel Stopped By Cannon Shot From Submarine—Allowed to Proceed and is Stopped a Second Time By Same Submarine Which Sinks Ship After Allowing Crew Time to Leave.

Vivitavecchia, Italy, Feb. 17.—via Paris.—Captain M'Donough, commander of the American schooner Lyman M. Law, which was sunk by a submarine, with the members of his crew has arrived here aboard an Italian steamer. He was met by United States Consul Treadwell and several newspaper correspondents. In describing the destruction of his ship Captain M'Donough said they were sailing peacefully along when they heard a cannon shot. About five miles distant they observed a submarine which was not flying a national flag but had hoisted a signal with the letter "H" which in the international code means "halt." This was 9 o'clock in the morning and the Lyman M. Law, obeying the injunction, stopped.

The submarine approached with two guns showing. Captain M'Donough undisturbed, as he had already been visited several times by submarines, prepared to show his papers but all on his ship were ordered to go aboard the submarine where they were interrogated by an officer, apparently the commander. According to Captain M'Donough, this officer had all the physical characteristics of the German race. The master of the Law showed his papers which were carefully examined and described his cargo which meanwhile had been inspected by another officer. Captain M'Donough was then permitted to return aboard his ship and was allowed to proceed. The ship had scarcely moved when the submarine again stopped her, the commander of the underwater boat declaring thru the megaphone that he considered the cargo, consigned to an Italian firm, was contraband. He ordered the captain and crew to quit the Lyman M. Law, which, altho he regretted, must be destroyed. The submarine gave them time to take to the water in their own steam launch with a supply of gasoline and food, and it was indicated to them that it would be advisable to follow a certain route to reach Cagliari. The submarine commander then removed a quantity of gasoline and food from the American ship as well as some instruments.

ORDER REMAINING GUARDS FROM BORDER

Expect Last Troop Train Will Leave By March 7

General Funston Still Will Have Nearly 50,000 Troops Disposed Along the Line From Brownsville to Yuma, Ariz.

Washington, Feb. 17.—Coincident with the re-opening of American embassy in Mexico the big army of national guardsmen that was concentrated on the border on account of bandit activities, will be in process of dissolution. Orders were issued by the war department today directing General Funston to begin the immediate demobilization of all the guard units remaining in border camps and it is expected the last troop train will be on its way north by March 7th.

Still Will Have 50,000.

General Funston still will have on the border nearly 50,000 troops, all of the regular army, disposed along the line from Brownsville to Yuma, Ariz., on plans worked out by the general staff. The plans include all of the troops who were in Mexico under General Pershing and their distribution was carried out under the direction of General Eban Swift who was with the Pershing expedition. General Pershing will remain at El Paso where he is commanding a division including the largest cavalry command on the line.

Secretary Baker emphasized that the withdrawal of the state troops is in no way connected with the crisis with Germany but carries out a policy determined on long ago by the administration. The order was issued after General Funston had reported that with the new disposition of rebels, he felt he had enough men to meet any border exigencies that might arise.

It is desired that the Carranza government be embarrassed as little as possible in its efforts to control Mexico and the maintenance of a large army at the border has been a constant cause of complaint from Mexicans.

Has Mass of Memoranda.

Ambassador Fletcher took with him to Mexico a mass of memoranda on subjects that the United States has instructed him to take up with the Mexican government. It is expected he will call at the Mexican foreign office Monday to present his credentials. A memorandum on the killing of the three Americans south of Hachita, N. M., is being prepared here and will be forwarded to him early next week with instructions that he make representations to the de facto government.

Guardsmen Rejoice.

El Paso, Texas, Feb. 17.—General rejoicing occurred in all of the national guard camps on this part of the border tonight when the war department order for all militia troops to return home became generally known. Parades were held thru company streets, mock bands organized with dish pans, trumpets and drums for instruments and the commanding officers were serenaded.

WOMAN MUST SERVE YEAR FOR LARCENY

MILWAUKEE, Wis., Feb. 17.—Mrs. Helen Gordon, daughter of the Rev. and Mrs. R. J. Dooley, evangelist of Minneapolis, Minn., must serve her sentence of one year in the House of Correction for larceny of a \$550 seal skin coat from a Milwaukee department store. This was the decision of Governor E. L. Phillips tonight after Mrs. Gordon told him how she had participated in religious meetings conducted by her parents since she was a child. Mrs. Gordon pleaded guilty at her trial.

THREE BUDAPEST PAPERS CONDEMN 'SUB' WARFARE

BERNE, Switzerland, Feb. 17.—Three Budapest newspapers condemn submarine warfare. The Pest, a Napo attacks Count Von Bernstorff as the principle exponent of submarine warfare and demands that he be placed in restraint. The Socialist organ Nepszava attacks Admiral Von Tirpitz and demands a cessation of what it calls "murder at sea."

MEXICAN KILLS NEGRO

Galesburg, Ill., Feb. 17.—Alex Wheeler, a negro stoker in the local gas works, was shot and killed today by Sam Medina, a Mexican, also a stoker at the gas house. Medina escaped. Before he died Wheeler said: "I told Sam 'I'm your friend' and he shot me."

CAPTAIN ORDERED LINER DISABLED

Commander of Kronprinzessin Cecilie Testifies in District Court

ACTED BEFORE BREAK

Sailor States He in Turn Had Taken His Orders from German Government

DOES NOT GIVE NAME

POSTON, Feb. 17.—The North German-Lloyd Passenger Liner Kronprinzessin Cecilie while in the custody of a United States marshal under a libel order from the federal court was disabled at the direction of her German commander.

Ordered by Government

Captain Charles A. Polack so testified in the United States district court today and added that he in turn had taken his orders from the German government. The damage to the vessel was done on the night of January 31, three days before diplomatic relations between the United States and Germany were broken off. Under examination by counsel for the libellant, Captain Polack said that on that day he had received orders to render his vessel unseaworthy from an unnamed official in the German embassy at Washington. It was a tense moment when the witness was asked the name of this official. He hesitated and then turning to the court made, this plea:

"Your honor, I am an officer of the German navy and if I should have to disclose the name of the gentleman in this hearing I might be tried for treason when I went home to Germany. I wish you would not oblige me to answer that question."

Do Not Insist on Answer

Judge James M. Morton, Jr., conferred privately with counsel for the libellants and the owners of the Kronprinzessin Cecilie for a few minutes and then announced that as the attorney for the plaintiffs was not disposed to press the point, the court would not insist upon an answer as no good purpose would be served thereby and particularly as the reply might be of momentous importance to the witness.

The Kronprinzessin Cecilie was bound from New York to Plymouth and Cherbourg when her commander was warned that the name of the vessel had been declared. He turned back and found refuge at Bar Harbor, Maine.

On board the steamer was gold shipped by the Guaranty Trust company and the National City Bank of New York to bankers in London and Paris and these banks libelled the vessel claiming damages of \$2,300,000 because of the failure to deliver the consignment. In November, 1914, a United States marshal took possession of the steamer, which was brought to Boston where she has since been tied up.

Sought to Protect Vessel

When Count Von Bernstorff was given his passports the libellants sought protection of the vessel from damage by the crew, putting the German captain and crew ashore. It had been found that the machinery had been tampered with, making it impossible to navigate the vessel until many and extensive repairs had been made.

The libellants sought damages in the United States district court where they were refused. They appealed and the United States circuit court of appeals overruled the lower court and sent the case back for a hearing on a petition for the sale of the ship which was heard today and for the assessment of damages, arguments on which will be made March 3.

The plaintiffs alleged that the vessel had been wantonly damaged and asked that she be sold forthwith. Counsel for the owners asked for a delay of two weeks until orders could be received from the officials of the North German Lloyd Line at Bremen and also that the case be delayed until the supreme court had passed on the owners' petition for a review of the case which was expected on March 5.

This request came after Captain Polack had testified and the court replied that the owners appeared in contempt, so had no standing in court.

Orders Vessel Sold

The court ordered that the vessel be sold by the marshal on April 11 unless on or before Feb. 21 the owners had furnished a bond of \$200,000 to repair promptly the machinery damaged and protect the steamer from further injury. The cost of maintaining the ship pending the disposition of the case also was put upon the owners.

Find Body in Bay

Honolulu, T. H., Feb. 17.—The body of Captain Schlueter of the Hamburg American Steamer Staatssekretar Krakek here was found by searchers today at the bottom of the bay. Captain Schlueter had been missing since Wednesday night from his ship and it is believed he fell overboard.

THE FREIGHT TIE-UP

As there is some good in much that is evil the public is hoping for some relief from the high prices on commodities as the result of the freight congestion. The situation so far as the transportation of freight is concerned is said to be the most serious ever recorded, and there is an embargo on the movement of all except perishable freight to practically every point in the east. Out of this congestion and from the further cause of the increased difficulty of making shipments abroad the people are hoping for a lower price on foodstuffs and other necessities of life. If this comes the freight tie-up may be counted as a blessing in disguise.

THEIR REASON

The Washington Star says that when "Senator Sorghum" was asked if he favored the extension of the rights of suffrage to women in his district, he replied, "Yes." "On what grounds?" was asked and the senator replied "Because they are mighty likely to get the vote whether I oppose it or not and I like them to think as kindly of me as possible." Senator Sorghum's explanation of his position fits quite aptly the attitude of a number of senators on the suffrage question and is equally applicable to the position of both senators and congressmen on liquor legislation. Every roll call in congress and in state legislatures on wet and dry legislation brings its surprise in the men who are now lined up as supporters of anti-liquor legislation. There are a great many "Senator Sorghums."

GOVERNMENT CONTROL MIGHT HELP

There has been an intimation that other lines of big business will voluntarily accord, to supervisors by the federal trade commission as the result of the action taken by the paper manufacturers. Even if the paper manufacturers' spirit does not become contagious there is a possibility of government control of food supplies, coal and some other necessities in view of the war necessities. In neighboring cities, where the price of potatoes has already been advanced to \$3.50 a bushel, citizens are of one mind that regulation will have to come from some source, government or otherwise, or else they will be compelled to abridge their appetites.

EFFICIENT—BUT LIBEROUS

Defendant, in the case of Hughes v. Samuels Bros., 139 Northwestern Reporter, 589, could well have given points to the fancy free young writers, who in the Saturday Evening Post and other journals describe so seductively how to enjoy life while making a million from the efficient and personal conducting of a frog pond, a bunch of chickens, a country hotel, or a game preserve. Defendant was an undertaker, and according to the allegations of plaintiff, a rival in the same town and business—evolved the happy idea of getting prospective customers "down" on plaintiff and "high" on defendant by writing cards to prospects, whose wife or son or member of the family was hovering near death's door. These cards read: "Dear in mind our Undertaking Department. Satisfaction guaranteed." But the happy idea was to sign, not defendant's name, but that of plaintiff.

diff. The resentment naturally engendered would tend to drive the custom from plaintiff and to the defendant. Alas for genius! The Supreme Court of Iowa holds that a complaint setting up these facts states a cause of action for libel.—(West & Co. Law Review.)

The government hasn't all the facts at hand but the testimony of Capt. Polack at Boston pretty firmly establishes the belief that the engines and all the below deck equipment of the interned German vessels have been put out of commission. This is news that really is not news to the American government, but gives color to the belief that Germany has made full preparations with the expectation that further trouble between the two governments is extremely probable.

SPRINGFIELD PLANS BIG EXPENDITURE

While we are thinking of an improved water system in Jacksonville and the probable expense for carrying into actuality any plan of betterment it will be well for citizens to turn their eyes toward Springfield where an appropriation of \$226,400 has just been asked for the water-works and electric light plant there. Of this large total asked \$175,000 is for additions and extensions of the present water mains.

They are developing the water department of Springfield in a substantial way—one which is keeping in advance of the steady growth of the capital city. As has been so often said, Jacksonville cannot hope to have any substantial growth in business or population until the water question is permanently and satisfactorily settled. Springfield furnishes a fine example of a city which has made progress as the people have favored and made possible, various kinds of public improvement.

FEWER HOURS FOR WOMEN WORKERS

There is said to be strong prospect that a woman's eight hour bill will pass the present session of the Illinois legislature. At the last session such a bill, with the opposition of powerful manufacturing forces, was defeated in the house by a vote of 69 to 59. Both Republican and Democratic platforms last fall had planks endorsing the plan of shorter hours for women in factories and stores so that it can be at least expected that an effort will be made to carry out the party pledges, altho in some instances this effort may not be made with very great sincerity.

Meanwhile, if the bill presented in congress by the senator from Arkansas becomes a law the need will not be so great for the state law. The measure as introduced in congress provides that articles made in factories where women are employed for more than eight hours cannot be shipped in interstate commerce. The effect of such a law would be felt in every large factory and it would remain for the state measures to give desired protection to women employed in smaller industrial concerns.

WOULD FILL JUDGE CREIGHTON'S PLACE WORTHILY

The late Judge James A. Creighton thru his long judicial career came to have the respect and admiration of the people of this district without regard to their party affiliations. Consequently with recurring elections he had almost as many Republicans as Democrats supporting him, altho he was the Democratic nominee. Judge Creighton was a Democrat but on the bench he displayed no trace of partisanship. From the temper of the man and from his general characteristics it is not too much to expect that Hon. Elbert S. Smith, Republican nominee for circuit judge, if elected will display some of the qualifications that made Judge Creighton's career so notable. Mr. Smith has the ripeness which comes with years of experience along varied lines of work. During his three years as first assistant in the office of the attorney general, he came into a very thorough understanding of state law. This work has been preceded by years of general practice and he has also the training which comes from service as a state attorney, for he held that office for four years in Sangamon county. A man stands higher in the estimation of the people of the bar of Sangamon county—his high and the combination of personal worth and valuable experience, together with ability, make Mr. Smith the logical choice of the people as a successor to Judge Creighton.

PACIFIST HISTORY

According to the following from the Kansas City Star pacifist history is repeating itself in this country. "Pacifists seem to assume that they are preaching a new creed in urging peace at any price. Conditions in 1775 and 1861 undoubtedly called for the appeal to arms, they argue. But circumstances are entirely different today.

But Washington and Lincoln had their pacifists to deal with men who were ready to compromise because of their dazed horror of any war, on matter how righteous. With the lapse of decades we see things in perspective and the justification of the course of Washington and Lincoln is apparent.

Today the world is facing the question whether it shall make or unmake international law and human rights without drawing protest. The pacifists who urge that the United States shall now surrender the highways of world commerce to outlawed frightfulness are spiritual successors to those who protested against the war for independence, and who agreed with Greeley that the "erring sisters should depart in peace."

"Future generation will recognize that it is as essential to human progress that the United States stand today for the cause of world law as it was that it should stand for the founding of a great democracy in Washington's day and for the preservation of that democracy under Lincoln."

THE SOLDIERS' VISION

There's no remnant from the hillside of the fishes and the bread, And the multitudes are starving for the hungry are not fed; Kings have heard the wolf of hunger that is howling in the land, Yet the shrieking shell is bursting, and they will not understand.

Midst the booming of the cannon, and the clouds of smoke and flame, Where the battle-field is crimson, and the Christ is put to shame, While the orphaned babe is moaning, and the world is wet with tears,

Then the soldier sees his vision, 'tis the hungry soldier hears, 'Tis the hungry soldier hears.

For his eyes behold an army that is full a million strong, And it's clad in shining raiment, and is conquering every wrong; At the head its Captain's marching with a firm and gentle tread He is bringing hope to millions, that by shameless hate are bled, That by shameless hate are bled.

In his vision of this army there is not a dripping sword, And their heads are crowned with glory for they take God at His word;

Invincible they're marching 'gainst the hordes of hate and greed, And the songs that they are singing, they are bringing forth in deed, They are bringing forth in deed.

Like the vision seen on Patmos, so the soldier has his own, When the world shall cease its warring and all wrong shall be unknown,

When all men shall meet as brothers on the land and on the sea And the Christ shall bring to nations sweetest peace of Galilee, Sweetest peace of Galilee.
—S. A. Hughes.

The story is told that a captured German soldier related how that a number of them had seen an invisible army marching and that Christ walked on the battlefield.

This is the basis of the above stanzas.

MEETINGS AT HEBRON

Rev. G. T. Wetzel has been conducting meetings at Hebron church each evening the past week. There has been no general outpouring yet a good degree of interest has been manifested. Those in attendance speak in high praise of the pastor's sermons and credit him with an earnest desire to accomplish great good for the people of that neighborhood. He has not yet announced his plans for the present week.

Y. P. S. C. E. CONTEST.

A six-week contest in attendance and membership will begin today at Central Christian church when members of the Endeavor society will engage as the "Reds" and "Blues" with the understanding that the losers will banquet the winning side. Weir Wood is in charge of the "Reds" and the commander of the "Blue" forces is Miss Adelaide McCarty.

Rippling Rhymes
By WALT MASON

Bad Days

The greatest poets had their days when they wrote punk and painful lays. In vain their lyres they'd wildly jerk; the old afflatus wouldn't work. I often read the stately bards, and they, too loaded to the guards with inspiration, smoking hot, quite frequently would turn out rot. A Shakespeare had his balky times, when it was hard to dig up rhymes. A Milton often walked the floor, and beat his head against the door, and tried his best to toot his lute, which wouldn't answer, worth a hoot. But when a man is labeled great, this thing will not his fame abate. The worse he writes, the more the crowd, they'll take his halting, bad-day rhyme, and show just why it is sublime. When Browning had an evil day, he'd often write a crazy lay that had no sense, and he'd confess that what it meant he couldn't guess. And Browning fans would organize, and try to look profound and wise, and wrestle with each dippy line, and call it noble and divine. Which filled the gifted Bob with mirth, while he was dwelling on this earth.

SENATOR SMITH
Republican Candidate for Circuit Judge

CANDIDATE FOR JUDGE
CHOSEN FOR ABILITY

Experience and Training Ably Fit E. S. Smith As Worthy Successor of Creighton.

In seeking a nominee for circuit judge to succeed the late Judge James A. Creighton, the Republicans of the seventh judicial circuit endeavored to select a man highly qualified by experience and legal ability for the important post. Hon. Elbert S. Smith of Sangamon county was the unanimous selection, and leading members of the Sangamon county bar agree that he is the strongest candidate possible.

Senator Smith has attracted the attention of other members of his profession because of his ability and studiousness ever since he took up the practice of law in Champaign. He was appointed assistant attorney general by former Attorney General McCartney, and his thorough knowledge of the law was recognized by Mr. McCartney's successors, Attorney Generals Hunt and Hamlin, who retained Mr. Smith throughout their terms.

In 1896 he was elected state's attorney of Sangamon county and his administration was highly praised.

In 1914 he was elected to the state senate from the Forty-fifth district, and he is serving in his second assembly. He is a member of Elwood commandery, Springfield consistory, I. O. O. F. and M. W. A.

The special election at which a successor to Judge Creighton will be selected will be held March 3.

ILLINOIS LOST FAST

GAME TO AUGUSTANA

Illinois lost a fast game to Augustana at Rock Island Saturday night score 44 to 29. Playing on the Swedes' own floor Illinois showed a startling reversal of form over that displayed against Augustana here and made them extend themselves to win. The score of the game with Augustana here was 44 to 16.

When Coach Harmon heard the score last night he was greatly pleased with the showing of his men. Coach Harmon said that if the men kept up that gait it would take some team to defeat them in the state tournament. Illinois has eliminated Augustana in the state tournament the last two years and Harmon is now predicting that if the team meet at Decatur this year Illinois will repeat the trick.

MORTUARY

Martin

John Martin passed away at his room in the Grand Hotel Friday after a lingering illness. Mr. Martin was born in Franklin county, Ohio, Dec. 26, 1842 and was the son of Rev. Jacob and Elsie Crook Martin. Rev. Jacob Martin was an old time Baptist minister, a very Godly man, and one who tried to rear his children aright. He was quiet and peace loving but always ready to stand up for the truth. In 1860 the family removed to Illinois and settled in Scott county where they lived a long time.

Mr. Martin followed the occupation of a farmer the greater part of his life and was successful in it. In early life he united with the Baptist church and always lived an upright, consistent life and when the end came he was fully prepared to go. He was never married and for some months past he and his brother, Samuel E. Martin, have occupied apartments in the Grand Hotel and they were very much devoted to each other and the surviving brother did all possible for the invalid with genuine affection.

The funeral will be conducted at nine this morning in Gillham's undertaking parlors by Rev. A. A. Todd, D. D., pastor of the First Baptist church after which the remains will be taken by the Chicago & Alton railroad to White Hall for interment.

DAVID PERRY DEAD AT HOME IN WHITE HALL

War Veteran Lived in Greene County Many Years—White Hall to Ray Street Offer.

White Hall, Feb. 17.—The street sprinkler was out this afternoon to lay the dust in the business section of the city. This is the first time that the city sprinkler has been put in operation in February, and this, too, along streets that have been oiled. White Hall has an abundance of water in the city reservoir and in this respect our city is in much better condition than Jacksonville and some other places that are suffering from lack of a supply of surface water.

Death of David Perry.

David Perry, whose precarious condition was mentioned in these columns a few days ago, died at 9:30 p. m. Friday at the home of his daughter, Mrs. James Egan, on East Lincoln street, aged 87 years. His last illness covered about a month. He is survived by two children, Mrs. James Egan and Mrs. Anna McGarvey, the latter of St. Louis. Mr. Perry was a native of Ohio, born near Columbus, March 10, 1820, and came to Illinois when he was about 30 years of age, and shortly afterwards enlisted in the Union army at Charleston, Ill., and served throughout the Civil war. He returned to White Hall after the war was over and for many years was connected with the clay mining operation east of this city. He has made his home with the Egan family since the death of his wife, about twenty-five years ago.

Funeral services will be held at the Egan home at 2 o'clock Sunday, conducted by Rev. John P. Simpson, pastor of the First Baptist church. The interment will be in the White Hall cemetery.

Dr. E. J. Hume recently received from Oral Hygiene, a dental publication, a large blank for receiving 25c donations for sending tobacco to Belgian soldiers. The doctor affixed his name as a donor and left the blank at the Ballow & Campbell restaurant. Others were attracted by the appeal, and it now looks as though the blank will be filled in with names of donors and that Dr. Hume early next week will be able to send in a list of names of which he is surprised and proud. Each soldier recipient of a consignment of tobacco will receive a post card with which to return thanks to the donor. The American Belgian Relief committee provided this arrangement with a London tobacco house, and each donation of 25c carries a large quantity of tobacco duty free to some soldier under the direction of the Belgian Relief Organization.

The city council will meet in special session next Tuesday night to open bids for the purchase of a street oiler. Heretofore the Greenfield or the county oiler has been used, but this has been an unsatisfactory arrangement, because usually all want to oil at the same time. White Hall began oiling all its streets last year by city taxation and the scheme is satisfactory.

Miss Ola Rhodes came over from Wrights today.

C. A. Ruckel will go to Chicago Sunday to spend a few days on business.

Donovan, James McGinnis, Daniel Keating, Timothy Keating, James Hopper and Alfred Davenport.

The Dependent Children You Leave

As you look around the family circle of dependent young children you realize how helpless they would be without your care and experience. You may be abruptly taken from them. It is a possibility—how imminent no one can tell.

Who will take your place as the financial head of the family and how will he manage the property you leave for its support?

These questions can be answered definitely only in one way: by naming in your will a competent executor and trustee who is in a position to serve without fail. That means a responsible trust company.

This company has specialized in the management of estates; its facilities are highly organized for the purpose.

ALLAN F. AYERS TAKES POST IN OHIO BANK

Former Jacksonville Resident Now Connected With Bank Organized by Powerful Business Concerns.

Announcement was made recently that Allan F. Ayers, formerly of this city, has been appointed secretary and cashier of the Ohio Savings & Trust Co., a new banking institution just opened at East Akron, Ohio. That the bank has the financial backing of the Goodyear Tire & Rubber Co. and other business organizations of almost equal strength gives certain proof of what the institution will be. The manufacturing business of Akron has developed marvelously in the past few years, and as is generally known, the Goodyear Tire & Rubber Co. is one of the foremost business concerns in the United States.

Mr. Ayers resigned his position here as cashier in the F. G. Farrell & Co. bank several years ago and an important bank position in Denver, with the Continental Trust Co. Subsequently he was engaged in closing up the affairs of the Federal National Bank in Denver and has left his work in the west to enter upon the duties of the new position. It is understood that a large part of the duties of management will devolve upon Mr. Ayers.

A notice of the organization of the bank and a complimentary reference to Mr. Ayers appeared recently in the Akron Evening Times as follows:

"The organization of East Akron's new bank, the Ohio Savings and Trust Co. was completed at a meeting Thursday at the office of the president, F. A. Seiberling, of the Goodyear Tire and Rubber Co. The following are the directors: F. A. Seiberling; C. W. McLaughlin, vice president of the Mohawk Co.; W. E. Palmer, assistant treasurer of Goodyear; P. W. Litchfield, factory manager of Goodyear; William O'Neill, vice president of the General Tire & Rubber Co.; Joseph Dangel, superintendent of the American Hard Rubber Co.; and Dr. T. J. Hamilton. The following officers were elected: F. A. Seiberling, president; C. W. McLaughlin, vice president; W. E. Palmer, treasurer; Allan F. Ayers, secretary and cashier.

"The new bank will have temporary quarters in the new building being erected at 1163 East Market street and will open about March 1. Later a permanent bank home will be erected at the corner of East Market street and Goodyear avenue.

"East Akron represents about one-fourth of the population and industry of this city," said the president, F. A. Seiberling. "Our bank facilities up to this time have been inadequate for the need of this part of Akron. It was this fact that caused leading manufacturers, merchants and professional men to get together as they have done and launch this new enterprise which it is hoped will handle the savings of industries that are paying practically two millions a month in wages. The officials express gratification over the acquisition of Mr. Ayers as secretary and cashier. The comparatively young man—thirty seven years of age—he has had wide and thorough banking experience. Among the positions held in recent years was that of cashier of F. G. Farrell & Co. of Jacksonville, Ill. He comes to Akron from a position of responsibility with the Denver Clearing house. Mr. Ayers is married and will establish his family in this city at once."

ACTION BY PRESIDENT FACED PAPER MAKERS

Secretary McAdoo Placed President's Intentions Before Manufacturers

Washington, Feb. 17.—Personal action by President Wilson to restore normal prices of print paper and a special session of congress to pass remedial legislation confronted print paper manufacturers, it became known today, before they gave up their fight against the government's attempts to restore normal conditions in the trade.

The president's intentions were placed before the manufacturers by Secretary McAdoo, who told them the administration did not intend to see an alleged monopoly thru extortionate prices place greater restraints on the press than the government itself was empowered to place. At the same time the federal grand jury in New York was preparing to bring indictments.

It is understood an announcement, formally accepting the manufacturers' proposal that the commission fix prices probably will be made within a day or two.

PAY RANSOM TO SALAZAR BY CHECK

HACHITA, N. M., Feb. 17.—The three companies of the first New Mexico infantry commanded by Captain J. C. Atwood and Captain Arthur Bruck, arrived here late today in motor trucks from Columbus, N. M. These troops left for Alamo Hueco and Culbertson's ranch.

The \$5,000 ransom demanded by Jose Ynez Salazar for the release of "Bunk" Spencer and his Mexican wife has been paid by check and delivered to Spencer at the international boundary. It was announced by Warren representatives here that the check would be honored upon its presentation on this side of the border. It was understood here the ransom was paid upon condition that the Ojitos ranch property, 1,000 head of cattle and other ranch property would not be molested.

FIVE GIRLS MISSING

Salt Lake City, Feb. 17.—Five girls have been reported missing here within the last 24 hours and the police department believe that an organized band of kidnappers is responsible. The missing girls are between the ages of 8 and 15 years.

Gave Candy Pull

Miss Margaret Miller, little daughter of Mr. and Mrs. J. Marshall Miller, entertained a company of eight girl friends Saturday afternoon at her home on West North street. It was a candy pull and all of the guests found the afternoon one of very great pleasure.

Miss Boyd Entertained for Mrs. Roy White

Miss Fannie Boyd entertained a company of young ladies Saturday afternoon at a miscellaneous shower in honor of her cousin, Mrs. Roy White, who is soon to make her home in Detroit, Mich. The decorations were pink and white and red hearts. In the hunt for hearts Miss Katherine Davies found the greatest number. The guests enjoyed a story of the bride's courtship, written by Miss Edith Ticknor, assisted by Miss Dunlap and Miss Davies. A two course luncheon was served in which the color scheme of pink and white was carried. The guest of honor was greatly pleased with the many useful gifts received. The guests were: Mrs. Roy White, Misses Agnes Cromwell, Lillian Cleary, Ruby Kelly, Katherine Davies, Alice Baker, Gertrude Riley, Edith Ticknor, Ruth Dunlap, Helen Green and Mrs. H. L. Davies and Mrs. F. L. Green.

Gave Birthday Party

Miss Dorothy Deatherage of 1256 South Main street entertained a company of twelve friends at a birthday party yesterday. Red carnations and hearts were used in the decorations, the general scheme being appropriate to St. Valentine's day. Games and music made up the program of amusements and excellent refreshments were served.

Will Give Party

Invitations have been issued for a party to be given by Stuart Pierson Robertson at his home, 1203 West State street, Monday, Feb. 19, in honor of his eight birthday.

Gymnasium Benefit at Woman's College

Novel as well as pleasing were the divers attractions provided for visitors to the Athletic association benefit Saturday evening in the first floor corridors and class rooms of Illinois Woman's college. The event was a gymnasium benefit and a good sum was cleared to go toward the purchase of new apparatus for the building nearing completion.

There was first a comedy "stunt" in the chapel, consisting of a furniture tableau and a dialogue in the Kaiser Wilhelm and Uncle Sam took part in a heated controversy. The part of the Kaiser was taken by Miss Avonne Jameson, a freshman, and Miss Mary McGhee of the senior class made an excellent Uncle Sam. The company then went down stairs, finding themselves in the midst of a veritable "street fair" with ice cream cones and hamburgers, popcorn and candy, as well as many funny side shows. At the close of the evening the faculty profiles in the "art gallery", were sold at auction some of the best representations bringing as high as forty-five cents. Miss Grace Hasenstab of the sophomore class was in general charge of the event and she had the willing support of each member of the association.

Mr. and Mrs. Adkisson Celebrate Anniversary

An anniversary surprise of more than ordinary pleasure took place Friday evening when a company of friends assembled quietly and went in a body to the home of Mr. and Mrs. Orville Adkisson, 849 Grove street, hearing official notice that the twentieth year of the marriage of Mr. Adkisson and Miss Jessie Hamilton should be observed in becoming manner. Abundant refreshments were provided by the guests and during the evening Mrs. Adkisson was presented with several handsome China pieces. In the games

prizes were won by Mrs. P. G. Stein and A. R. Taylor.

Birthday Surprise for Joseph Barnhart

A surprise party for Joseph Barnhart was given Friday evening at Elm Grove school, southwest of the city. The surprise was planned by Mr. and Mrs. Reuben Ragan. Dainty refreshments were served and many were the good wishes received by Mr. Barnhart on his birthday. The guests were Mr. and Mrs. Ragan and daughters, Mildred and Ollie, Mr. and Mrs. Lon Fearnough and daughters, Aline and Helen; Mr. and Mrs. J. T. Ranson and daughter Fay, Mr. and Mrs. John Welsh, Mr. and Mrs. Theodore Angelo, Mr. and Mrs. Hamel, daughters, Irene and Ruth, and son Harold.

TO CELEBRATE 88TH BIRTHDAY ANNIVERSARY

"Aunt Molly" Gibson Will Observe Day Monday at Her Home in Franklin—Was Born in Alabama.

Monday, Feb. 19, will be the 88th birthday anniversary of Mrs. Mary Gibson and the fact that "Aunt Molly," as she is known, to countless friends, has not recently been in the best of health will not prevent a happy family gathering in honor of so memorable a day. The gathering will be held at the home of Mr. and Mrs. W. P. Six, with whom Mrs. Gibson has made her home for the past three years. The dinner will be served at noon and the day will be spent in social manner with all the children present except one, Mrs. O. E. Mansfield, who is spending the winter in Chicago.

Mary Davidson was born Feb. 19, 1829, the year of founding Illinois college, the school which two of her granddaughters, attended. The place of her birth was the state of Alabama, but she came to Morgan county in early childhood, making her home on a farm two and one half miles southwest of Franklin. She was married to John M. Gibson, who passed away about twenty-three years ago. Mrs. Gibson removed to Jacksonville at the time of her husband's death and with exception of the last three years, has since made this city her home. Early in life she united with the Methodist church and always has been a faithful attendant upon its services.

The sons and daughters of Mrs. Gibson who will be present Monday are Hannah, the wife of W. P. Six; J. W. Gibson of Murrayville, Albert D. Gibson of Franklin, Mrs. J. W. Moon of Jacksonville, and Richard Y. Gibson, southeast of Jacksonville, all with members of their families. Others who will be present are Mrs. Charles Hankins, Mr. and Mrs. Earl R. Carlie and perhaps Miss Louise Mansfield, a granddaughter, Jacksonville; Mrs. Phoebe Cole, Kansas, Mrs. Mary Davidson, Florida, as well as Mr. and Mrs. John Bland of Franklin. Mrs. Bland is a granddaughter of Mrs. Gibson and her three children, Lucille, Weyman and Ethel Bland, will thus represent the fourth generation present at this more than ordinary family gathering.

DRILLING WELLS NOW POPULAR OCCUPATION

C. P. Hutson Has Drilled Number in This Vicinity—Believes There is Fine Bed of Gravel Under West Part of City

The long drouth and the shortage of the city's supply of water is making business good for well drillers. C. P. Hutson, who has been in the drilling business for twenty years, has just taken a contract for putting down a well at the Capps mill and for several wells to be bored on the land of the Jacksonville Railway & Light company. Mr. Hutson put down the well on the J. W. Merriam lot on West Morgan street, had the contract for the well at the Snyder ice plant and has just completed the well at the state school for the deaf.

Favors Wells on Reservoir Property
It is because of his experience at the state school for the deaf and with wells in some nearby areas that Mr. Hutson holds the belief there is a fine bed of gravel underlying all of that territory. This is responsible for his belief that if the city were to put down several wells on the west end reservoir property that a supply of water could be found which would be valuable at times like the present, especially, and might provide a permanent water resource.

The well at the deaf and dumb was put down to a depth of 130 feet and went thru a gravel bed of 15 feet. At a depth of 108 feet such a flow of water was struck that sand, gravel and water were blown to a considerable distance above the surface, and in order to continue the work it was necessary to pipe off the water. The well was then put down to a further depth of 28 feet and it was subsequently found advisable to draw the casing up a few feet as the flow was better there. In drawing the casing the pipe was broken off at a point 44 feet below the surface, but this trouble has been remedied and pumping is now in progress from this well.

At Hembrough Home
That a fine bed of water-bearing gravel underlies the west part of Jacksonville is substantiated, in Mr. Hutson's opinion, by a well at the deaf and dumb, another at the residence of Fred Hembrough on Mound avenue on the property of the Norbury sanatorium and on the farm of Henry Stewart two or three miles west of the city. At the Hembrough property which is just a short distance southwest of the city reservoir, the gravel was struck at a distance of 85 feet and the thickness of the bed was between 15 and 20 feet. The well at the Norbury sanatorium property is 125 feet deep and there the gravel bed is 25 feet in thickness. Mr. Hutson does not know what this well is producing now but at the time, he completed it it was pumping from five to eight hundred gallons an hour.

No Gravel at Some Points
At the Stewart farm west of the city where the ground is lower than at the Norbury sanatorium the gravel bearing stratum was found at a depth of 66 feet. At the north side station belonging to the city the depth of the gravel bed varies greatly even in a short distance and test holes sunk there have shown in some instances gravel only a few feet thick. Asked if he did not think it was probable that there is a good gravel bed underlying all of Jacksonville Mr. Hutson expressed the view that this is not true. He bases his opinion on the fact that in sinking the well on the Merriam lot on West Morgan street to a depth of 130 feet that no gravel was found.

At the Snyder ice plant on North Main street where a well was put down to a depth of 168 feet no gravel was found.

Among well in other localities which Mr. Hutson has sunk are several at Beardstown which went to a depth of but 97 feet on a level with the bed of the river and at Roodhouse where he put down a well for the Chicago & Alton to solid rock at a depth of 450 feet.

IMPRESSIVE SERVICE HELD FOR MRS. PETERSON

Large Number of Relatives and Friends Attend Funeral Saturday—Burial in Diamond Grove

A large number of relatives and friends gathered at the home of Mrs. Hulda Deters, 1275 South East street Saturday afternoon to pay a last tribute of respect to the memory of Mrs. Clara Peterson, whose funeral was held at 2 o'clock. The services were conducted by Rev. Myron L. Pontius, pastor of Central Christian church.

Mr. Pontius first read, by request, the fourteenth chapter of John's Gospel, the favorite chapter of the deceased, and he took as his text the words from the book of Kings, "Let me die the death of the righteous." The minister referred to the fact that this verse was especially appropriate, because one of Mrs. Peterson's last requests was that she receive communion, but her weakened condition prevented the fulfillment of this desire, and also because of her exemplary Christian life. In his discourse Mr. Pontius brought out the thoughts that the death of the righteous is a death of faith based upon a belief in God, in Christ and in the Bible; that it is a death of peace, that her death was a peaceful one because of her Christian life and resignation to the will of God and that the death of the righteous is triumphant, for because of Mrs. Peterson's faith her death was not defeat, but triumphant victory.

A quartet composed of Miss Cora Graham, Mrs. Wallace Brockman, C. L. Mathis and W. W. Gillham sang "Rock of Ages," "Jesus, Savior, Pilot Me," and "Beautiful Isle of Somewhere." There was a wealth of beautiful flowers which were cared for by Misses Marie and Marguerite Mayer and Esther Peterson.

Interment was made in Diamond Grove cemetery and the commitment service was conducted by Rev. Mr. Pontius. The bearers were Otto Johnson, Fred Gustafson, John Floberg, Solomon Swanson, Claus Sandberg, and Andrew Johnson.

Among those who attended from a distance were Mrs. J. J. Storesund of Omaha, Neb., and Gus Peterson of Beardstown, daughter and son of the deceased, Mr. and Mrs. J. Asplund of Little Indian; Mr. and Mrs. Charles Gustafson of Ashland; Mr. and Mrs. Carl Anderson and son of Virginia; Mr. and Mrs. Lind of Arcadia; Andrew Munson and Miss Mabel Munson of Beardstown; and Mrs. Ellen Howard of Joy Prairie.

MATRIMONIAL

Smith-Williams.

Russell Smith and Miss Ruth Williams were married Saturday evening at 8 o'clock, the Rev. W. E. Spooner, pastor of the Northminster Presbyterian church, officiating. The groom is the son of Mr. and Mrs. Ed Smith of North Main street. The bride is a daughter of Mrs. Mary Williams, 930 Hackett avenue. Both have many friends who will extend wishes for a married life of much happiness.

Mr. and Mrs. Smith expect to reside on a farm south of the city.

Leahy-Newell.
A very pretty wedding took place at St. Augustine's Catholic church in Ashland, Thursday morning at 9 o'clock, when Miss Mabel Newell became the bride of John P. Leahy, Father Wm. H. Murphy, officiating. They were attended by Miss Ella Newell, sister of the bride and Tim A. Leahy, brother of the groom.

The bride looked very sweet in her wedding gown of tulle and lace over white satin, with er veil of tulle which was made in crown effect, caught with rose buds. She carried a shower bouquet of brides' roses.

The bridesmaid wore a dress of pink crepe de chene with satin and lace trimmings and carried Killarney roses.

The bride is the daughter of Mr. and Mrs. Wm. Newell and is a young lady of most amiable disposition, having many charming traits. The groom is the son of Mr. and Mrs. J. B. Leahy of Pleasant Plains and is a young man of admirable character. Both families are among the best in our community and the young couple start in their new life with a bright outlook.

After the ceremony the relatives, to the number of eighty, went to the home of the bride's parents where a sumptuous wedding dinner was served. Those from a distance present were: Mr. John Dwyer, Taylorville; Mr. and Mrs. Thomas Dwyer, Mrs. Mary Dwyer, Mrs. J. J. Dwyer, Misses Mary and Eleanor Doyle, of Stonington; Miss Marjorie Newell, of Springfield; Ralph Newell, Mr. and Mrs. John Halligan and family of Jacksonville; Mr. and Mrs. J. P. Newell and son Bernard of Virginia.

Mr. and Mrs. Leahy left the same day for a wedding trip to Chicago. They will be at home after March 1 on a farm south of Ashland.

STRUGGLE FOR WATER SUPPLY CONTINUES

Ashley's Pond Secured for Reserve Purpose—Slight Gain Saturday But State Hospital Must Have Water.

The warm weather Saturday made it possible to do some pumping from the creek and Morgan lake into the west side reservoir and the level of the supply there was raised a few inches. However, this improvement in the situation was not a matter for great complacency as Dr. Hill at the Jacksonville state hospital notified Commissioner Vasconcellos and Supt. W. H. Cobb that it would be necessary for the institution to take additional supply today. The hospital has taken no water from the reservoir for a number of days. When the hospital is "on" heavy inroads are made on the reservoir supply, so that the increase made yesterday will be fully offset by the consumption at the hospital.

Through the courtesy of Supt. Gillett of the state school for the deaf Mr. Vasconcellos had a force of men at work Saturday rehabilitating the pumping plant at the Ashley pond. From this source the school for the deaf secured water for several years but the pumping apparatus has not been in use for a long period and it will take considerable work to put it into condition. The pumps were dismantled when use was discontinued and it is the expectation that the work of putting them into condition again will be completed Monday or Tuesday.

There is very little water now at the pond but with warmer days there will be some flow from the lowlands to the southwest of the pond. Mr. Vasconcellos' idea in securing whatever supply the pond may furnish was as an emergency measure. A pipe line runs from the pond to the school for the deaf and the plan is to cut in on this line at a point just west of the reservoir and then pump into the reservoir over the top of the embankment. This additional supply will not add very materially to the water resources of the city but in case conditions become much worse will be of decided benefit especially in case of a serious fire.

COLONIAL TEA.

A Colonial tea will be given at the home of Mrs. F. H. Rowe Thursday, Feb. 22 from 2:30 to 5 o'clock. All members of Grace church and their friends are invited to attend.

MONDAY AT THE GRAND

A whole show in itself yet presented in such shape that it does not take up a whole evening is what "The Four Husbands" will reveal when it opens at the Grand beginning Monday where it will remain on view for three days. "The Four Husbands" is brand new to Jacksonville.

Wm. B. Friedlander and Will M. Hough jointly turned out "The Four Husbands," which has all the ingredients of a full musical comedy. The piece as will be presented at the Grand has a catchy, jingly array of song numbers, pretty girls, many costume changes, large chorus of mixed voices, amusing comedy situations, capable principals and adequate scenic equipment.

Messrs. Friedlander and Hough are not stage novices at writing. Far from it. They are experienced authors and not only have they turned out successful productions but they have provided many vaudeville stars with their acts. Mr. Friedlander during the past months has written complete acts, songs, material, etc., for such top liners as Nan Halperin, Reine Davies, Muriel Window and others. Hough's name is familiar to followers of stage life, his best known success being the musical comedy success "The Time, the Place, and the Girl." In "The Four Husbands" Messrs. Friedlander and Hough have given vaudeville some of their best efforts.

A carload of special scenery, electrical effects and stage properties are necessary to present this newest of vaudeville novelties.

A SPECIAL DISCOUNT WILL BE MADE ON ALL NEW SPRING COATS AND SUITS DURING THIS COMING WEEK. J. HERMAN.

THE CHAPIN ROAD

The condition of the country roads continues to be a matter of great satisfaction to residents of the country districts and of Jacksonville as well. Scarcely if ever have the roads been so good at this time of year and the public square Saturday had the appearance of summer time—that is, from the number of automobiles parked there. The Chapin road is in especially fine condition and has been dragged the entire distance from Jacksonville to Chapin. Anyone who drives over that road now sees convincing proof of the benefits of the particular kind of road improvement done there the past season. The conditions go to prove that drainage is half the battle in keeping country earth roads in passable condition.

GOVERNOR STUDYING CENTENNIAL PLANS

Illinois Chief Executive and Speaker Shanahan Hold Conference With Commission Representatives.

At a conference held in Springfield yesterday Governor Lowden and Speaker David E. Shanahan were told of the plans that have been completed for the state centennial celebration in 1918. Chairman Otto L. Schmidt of Chicago and Mrs. Jessie Palmer Weber of Springfield gave the details of the arrangements which have been made for the celebration and those which are in prospect.

In a short time bills for appropriations for the celebration will be presented to the general assembly. Among the appropriations is one, which will provide for the erection of a centennial building south of the state house on land which has been purchased for the purpose. The governor and the speaker were told of proposed legislation required to make the coming celebration a success, and assurance was given that the work would be favored and that an effort would be made to send the bills thru the general assembly without change. At the last session an appropriation was made for the purchase of the site from Charles street to Edwards and from Second to Spring street and it is there that the centennial building will be erected.

It is the expectation that governors of every state in the union will be asked to come to Springfield to take part in the centennial program. President Wilson will be asked to make the principal address on the day the centennial building is dedicated. The plans now in the course of completion indicate that the whole event will be one of the most notable and elaborate in the history of the country.

CAPT. SMITH'S ESTATE IS MORE THAN \$80,000

Inventory Filed in County Court by Executor of Will—Dunlap House Listed Worth \$40,000.

An inventory filed in the estate of the late Capt. Alexander Smith indicates that the estate is worth approximately \$81,500. The inventory was filed by Dr. Franklin M. Rydman, executor of the estate, and the holdings listed include the Dunlap Hotel, the West State street residence, the old Park hotel building, an insurance policy and some government bonds.

The residence property at 1155 West State street and the lot adjoining are listed as having a value of \$9,000. The value fixed on the Dunlap House property is \$40,000 and the value of lot 61 and 62 in the original plat of Jacksonville, known as the Park Hotel, is fixed at \$25,000. Two carshops lots owned by Capt. Smith are considered worth \$100 and a lot in Helena, Mont., \$100. Rents amounting to \$140 are due the estate from the Park hotel property, and at the time Capt. Smith died he had cash on hand of \$809.77. He carried one policy of insurance in the Hotel Owners Mutual association for \$1,200 and owned \$3,000 worth of government bonds.

Probate Court Orders
In the estate of Henry Maul, the inventory was approved.

In the estate of W. H. Paschall letters of administration were ordered to issue to John A. Paschall and bond fixed in the sum of \$10,000.

In the estate of Benjamin C. Pyatt, the inventory was approved.

In the estate of C. J. Sanders, the appraisement bill was approved.

In the estate of Sarah Ellen Wylder, the petition to omit appraisement was allowed.

BANQUET FOR BOYS WHO SELL PAPERS

Were Entertained in Fine Form at Y. M. C. A. Saturday Night—Organization is Started—Helpful Suggestions Made.

The movement inaugurated recently by Charles F. Ehnie toward the betterment of conditions and to aid boys who sell newspapers on the streets assumed definite shape at the Y. M. C. A. Saturday evening. A banquet was given in the "Y" dining room at which were 20 boys who sell papers and assist in making a livelihood for their families. In addition to the boys and Mr. and Mrs. Ehnie and Secretary Findlay there were a number of invited guests who are interested in the movement.

After the banquet had been enjoyed Mr. Ehnie explained the purpose of the meeting. He was then selected chairman for the evening and J. S. Findlay was selected as secretary.

The chairman called on Mr. Findlay who explained the rules and regulations of the Y. M. C. A. and under what conditions membership cards were issued. Mayor Rodgers who is president of the Association told the boys of the benefits to be derived from a membership.

Horace H. Bancroft in his remarks dwelt upon self control and emphasized the importance of politeness in a boy. J. W. Marshall, agent for the Washburn explained the conditions under which the boys would be allowed to sell papers on the company's property and the rules that would have to be obeyed. E. E. Crabtree spoke of the importance of value of honesty and the Rev. P. B. Madden spoke of the saving of a portion of the boy's earnings.

Mrs. C. F. Ehnie and Miss Jennie Grassley also spoke and Mr. Ehnie read a letter from Mrs. F. L. Ledford who told of her son Byron saving over \$100 out of his sales of newspapers and the Saturday Evening Post. Remarks were also made by Miss Mason, H. C. Clement and Mr. Duetsch. The latter asked how many of the boys present had bank accounts and was somewhat amazed to find that 14 out of the 20 had started bank accounts. The boys were favored with a solo by Miss Mabel Mathews.

At the conclusion of the talks the Rev. Mr. Madden suggested that a committee of five be appointed to confer with President Rodgers and Secretary Findlay of the Y. M. C. A. relative to memberships and other details. The following committee was appointed Mr. and Mrs. C. F. Ehnie, E. E. Crabtree, H. C. Bancroft and Miss Jennie Grassley.

GRIDIRON CLUB CLOSES
SEASON WITH DINNER

Patriotic Fervor Stirs Participants

President Wilson, Members of Cabinet and Others Prominent in Government and Business Life of Nation are Guests.

Washington, Feb. 17.—Patriotic fervor stirred participants at the closing dinner of the season given by the Gridiron Club of Washington tonight with President Wilson, members of the Cabinet, and others prominent in government and business life of the nation as guests.

In the midst of the dinner a call of the bugle, sounding above the chatter of the banquet hall caused the guests to pause and look up. Then came word of command and the rattle of accoutrements and the hall saw a platoon of Uncle Sam's bluejackets from the navy yards, guns at train, headed by an ensign.

Smartly they marched to the center of the hall, halting before the president of the United States. "Present arms," was the command and as the ensign saluted with his sword the sailors obeyed their order. Just then a silk American flag was unfurled and the Gridiron quartette sang the Star Spangled Banner.

Three hundred diners arose in their places joining in the chorus and winding up with a volley of cheers in a great outburst of enthusiasm.

Songs that rang with the spirit of Americanism and demonstrations of loyalty to the President and his administration with travesties on the peace note leak investigation, woman suffrage pickets at the White House gates, prohibition for the District of Columbia, California's part in the national election with Senator-elect Hiram Johnson impersonating himself and with other satirical allusions to various phases of national life.

The leak inquiry was caricatured in several sketches, one of them a musical comedy and another a melodramatic of the type entitled "The War" in which "Administration Leak" appeared as the heroine and "Barney (T. W.) Lawson" as the irrepressible villain. Introducing the musical sketch, one of the correspondents with a tremulous voice sang "Down on the Leaky Way," which was followed by another song by a club member in the character of Representative Wood, of Indiana, whose resolution led to the Congressional investigation into charges of a leak on the peace note message.

The "Leaky Way" chorus ran thus: Come where the information oozes Down on the Leaky Way. Come see the Lambs at play. Bears eager for the fray. Come hear the tickler gaily tickling living the leaks away.

See the brokers gay. They are making hay. Down on the Leaky Way. The impersonator of Representative Wood was presented as "William Wood, the Plumber, the Man Who Stops the Leaks" who sang:

I come from Indiana, A statesman great and true And when I smell a scandal I don't care what I do. Oh, if I hear a rumor I follow it for weeks, For I'm William Wood, the plumber, I'm the guy who stops the leaks.

"Hazel Jones" as one of the silent suffrage sentinels at the White House was introduced and made the target of several jokes in a minstrel skit.

"Do you know Hazel Jones?" queried one of the wandering minstrel-correspondents.

"Why yes" was the response. "She one of the silent sentinels at the White House gates."

"Do you know Hazel had an awful accident?"

"Is that so? What happened to Hazel?"

"Why one of these big fat squirrels at the White House grounds bit off her ear."

"That's horrible. Did they kill the squirrel?"

"No, indeed. The President said it wasn't the squirrel's fault, and the President was right."

"I must disagree with you. The president was wrong."

"Well, suppose you were a squirrel and you were hungry and you couldn't get any pork chops, or lamb chops, beef steak, or fried onions, or anything like that, and you were just a plain, old-fashioned squirrel with an appetite for nuts, and for eight hours in the rain and snow and the sleet somebody stood in front of your house that they called Hazel."

"I leave it to you. The president was right, he sure was right."

"Camping Tonight" was a song to the Suffrage Sentinels, running thus: We're camping tonight on the White House grounds. Give us a rousing cheer; Our golden flag we hold aloft. Of cops we have no fear. Many of the pickets are weary tonight, wishing for the war to cease. Many are the chilblains and frost bites, too.

It is no life of ease. "Tom Lawson, Barney Baruch, Charles Sablin and Otto Kahn" appeared as a quartet, singing:

"They met Tom Lawson in the Street Barney and Charles and Otto. He said: 'You boys appeared to know More than the public ought; Now won't you come to Washington And tell about the leak?'"

They whispered: "No, no, thank you, Tom."

And didn't give a squeak. "But Tom came, willing, eager, too, And said they should be bought So Henry sent a Sergeant-at-Arms for Barney and Charles and Otto."

"Now boys," said Bob, "come tell us all About this inside ring." They whispered: "No, no, thank you, Bob."

And didn't tell a thing. Dr. Grayson, whose nomination as medical director of the Navy with rank of Rear Admiral, was another target for musical shafts to the tune of "Captain Jinks."

"He's an Admiral great, in the new Navy. His name is Dr. Cary G. And though he'll seldom go to sea, He's an Admiral in the Navy. And if the Navy has a chill Take a pill, take a pill. No battleship will have the grip While he is Admiral of the Navy. In initiating a new member of the club, John Shure, correspondent of the Des Moines Register-Leader, pseudo Ellis Island officials conducted an immigration examination for admission. Inspector to applicant sharply: "Born?" Applicant: "Yes."

"Business?"

"Rotten."

"Foreign country?"

"Who is President of the United States?"

"Woodrow Wilson."

"What does he do?"

"Spends most of his time dodging women with yellow flags."

"Who is the Vice President?"

"I don't know."

"Never mind, neither do we."

"Who makes the laws?"

"Woodrow Wilson."

"If Wilson makes the laws, what does Congress do?"

"Squanders money on creeks, rivulets and bluffs, mostly in efforts in which Congress meets."

"A school for scandal?"

"What are the qualifications for a Rear Admiral of the Navy?"

"To cure a cold and play a good game of golf."

"Are you an anarchist?"

"No, I'm a member of the Press Gallery."

Thereupon the applicant qualified for admission.

In the inauguration of Ira E. Bennett, originally from California, as President of the Club, a group of California "bad

men" and Senator-elect Hiram J. Johnson, appeared. "Ah Sin" described the recent election, concluding thus: "The voting went on a way that I grieve And my feelings were shocked at the state of Hy's sleeve Chuck full of double-cross ballots, the same with intent to deceive. The result, as we know, convulsed the whole land. And here's Hiram J., who did not understand. And his smile it is child-like and blind. See here you Hongkong hatchedman, do you mean anything personal?"

Ah Sin: Whassa mattah—no no likee? Johnson (in despair): You see, gents, the reward we reformers receive—to be the chop-suey of the heathen. And yet the last hope of the nation comes from California—yes, from glorious California, the shining shore, where over and over—and more and more—our sunset land of poet's strand—where the Pacific rolls and rolls—ah gents, I could go on forever singing the glories of that golden land of flowers and wonderful majorities."

Ah Sin—You singe in Senate, executive session, sabo? The evening closed with the club singing "Hello Gridiron, hello Frisco."

Want No Peace Until Terms Mean the Surrender of Germany

Mrs. Jos. Benson has received from friends in Canada the following from a paper published there.

Are Canada's fighting men in the front line trenches anxious for peace?

No, not on the Kaiser's terms, if Pte. S. J. Graham, in expressing his own attitude on the question, reflects the opinion general among the troops.

And Pte. Graham as a husband and parent could hardly be accused of wanting to continue to fight thousands of miles from his family just for fighting's sake. In a letter to his wife and children expressing the hope that the time may soon come when he can be with them again, he says the following on the German peace offer:

"The Kaiser's peace proposal is just a bluff, another of his tricks to try and get our army to relax a little so that he may better consolidate his forces before the spring drive opens. But he has run up against a snag this time. He is ticked now, but we are going to break the back of his fighting machine before we begin to talk peace. And altho we are all anxious to be with the loved ones at home I don't think there is a man who wants to quit yet, not until we have smashed German militarism so badly that it can not be repaired again."

"Any man who has been thru the Somme and witnessed the treacherous work of Fritz or seen the homes and beautiful buildings which have been razed to the ground and the little children with hands and limbs off and our brothers lying out there in piles, some never buried because of his shelling of burial parties, and others who have been decently buried but have been thrown up again by the bursting of shells, could not harbor the thought of peace on German terms or under present conditions for one moment."

"No, we are not ready to quit yet. Fritz has his tail between his legs now, but we are going to tie a big string of crackers on that tail and keep him jumping for a time yet. Then when we are good and ready we will talk peace on our terms. Then and only then is any man on our side, the winning side, ready to quit."

WATER CONSUMERS NOTICE

Despite previous warnings, some water consumers have been abusing their privileges by taking more water than they absolutely need for household purposes. This warning gives notice that if such abuse continues, these consumers will be shut off.

You are directed to use every bit of waste water possible in flushing closets. Get a slop jar, if you haven't one, and save water from your kitchen for this purpose. Flush your closets just as little as possible.

Water consumers who have complained of leaks in their pipes will be visited and if the leaks have not been repaired, these consumers will be shut off.

Where water meters show large use of water the consumer will be shut off.

It is only by these means that a sufficient reserve for fire fighting purposes can be maintained, and consumers will be compelled to cooperate with the officials to this extent.

Joshua Vasconcellos, Commissioner of Public Property.

ILLINOIS COLLEGE NOTES

Miss Viola Clobes '20, of Academy Hall, was called to her home in Mt. Pulaski, on account of the death of her grandfather.

The Alumni Committee have about completed their work on their new catalog, which is to be placed in the hands of the printer at an early date.

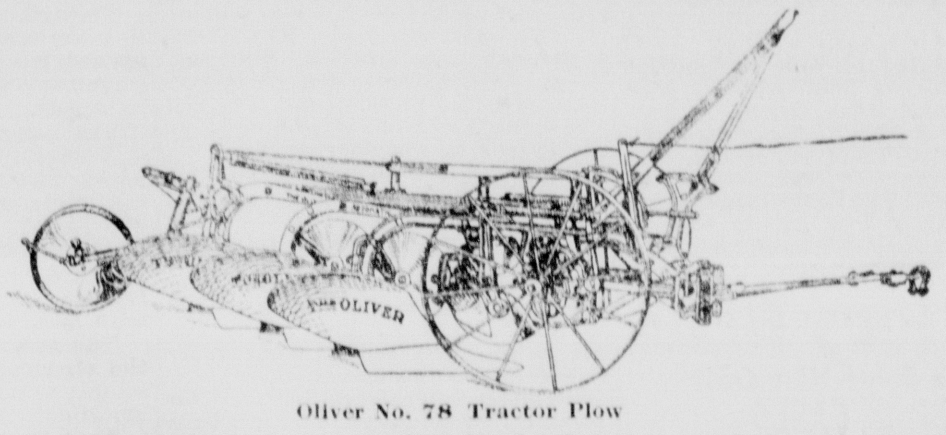

A great many alumni and former students whose addresses were lost have become located, which will add greatly to the value of the address list.

The girls of Academy Hall gave a Valentine party to about sixty of their friends Friday evening. Supper was served in the dining room, which was appropriately decorated in red and white. Following the supper a unique play was given by a number of the girls. The latter part of the evening was spent in dancing.

Misses Kathleen Emery and Lucy Gray Gatling were hostesses to the members of Sigma Phi Epsilon Society at their regular bi-monthly "Cozy" Saturday afternoon at the home of Mrs. Rammelkamp.

The Devotional service at Academy Hall Sunday evening will be led by Mrs. William Kline. The topic will be "Philosophy of Truth."

OLIVER

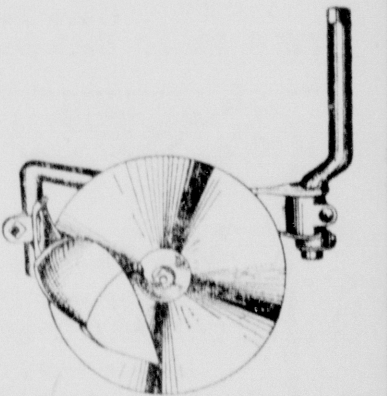

Oliver No. 78 Tractor Plow

Your farm products are bringing exceptionally high prices and there is every indication this condition will prevail next season. For this reason it is to your advantage to make every part of your land produce maximum crops.

Oliver Tractor Plows equipped with the combined rolling coulters and jointer will enable you to do more and better plowing. Your plowing will be done on time when the soil is in the best condition.

The bottoms of Oliver Tractor Plows raise or lower in a short space of travel insuring full depth work at the ends of the field. They can be set to work at the proper depth, deep or shallow, and do even plowing at the desired depth. The combined rolling coulters and jointer turns all weeds and trash on the bottom of the furrow, providing a clean field surface.

We will be glad to show you how the combined rolling coulters and jointer will enable you to do the best plowing.

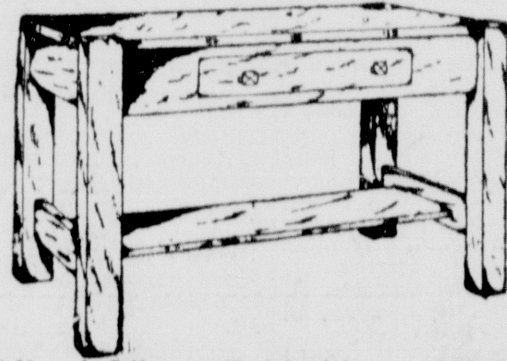

The Oliver combined rolling coulters and jointer is necessary for the best plowing.

played on that night, but on Friday morning the tournament grind will start in earnest and there will be something doing every minute until the final game for the championship on Saturday night.

On present form and the fact that she has won the district tournament for the past two years, Springfield is naturally the favorite. However, White Hall, Griggsville, Waverly, Virginia Mt. Sterling and Pawnee will dispute strenuously the right of Springfield to the district title.

Pawnee has been figuring on getting into the finals. If they are figuring on doing that things look pretty good for Jacksonville for the local defeat of Pawnee on her own floor Friday night. If Jacksonville can stand the grind there is a chance for them, as their first games are not hard. The schools and their players are given below:

Franklin—Orville Burnett, Byron Woods, Raymond McCrady, Orla Gray, Fred Miller, Viron Ransom, Lloyd Read, Roy Smith, Fred Bergschneider.

Virginia—John Beckman, Carlin French, Jesse McNeely, Ray Cline, Lloyd Fox, Roland Meade, Lester Edwards, Raymond Markle, Robert Duncan.

Manchester—Russell Duncan, Stanley Funk, Gregory Sloan, John Windsor, John Thady, Roy Lakin, Byron Hubs, Perry Corrae.

Bluffs—Roy Heird, Coin Mueller, Louis Cox, Roy Merriman, John Horsey, Clyde Van Hynning, Harry Thompson, Oyden Sears, Raymond Knoppel, Clarence Hylar.

Pawnee—Lloyd Miller, George Salenger, Milo White, Frank Wright, Dewey Golightly, Neal Olanbert, (Capt.), Robert Wright, Luther Plummer, Harry Funderburk, Joe Luckas, Ray Pergem, Jess Welsh, Vincent Murphy, Carl Everman, Roy Taylor, Edward Cullimore.

Quincy—G. Lums, R. Watters, R. Leindecher, R. Welch, H. Bush, C. Meyer, K. Farran, H. Lummis, R. Ireland, John Winters, William Moellering, William Best, William Steinbeck, E. Schelp.

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" If Cross, Sick, Feverish, Constipated

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs". Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

MICHIGAN U. MAY RETURN TO BIG NINE

Faculty Committee of Conference Partly Opens Door for Return.

Chicago, Feb. 17.—The door of the western conference was partly opened today for the return of the University of Michigan to the Big Nine fold.

The action was taken by the faculty committee of the conference, which met in special session with the graduate committee to consider whether the entry of Michigan in the University of Illinois relay carnival, March 3 was a violation of the conference rule prohibiting competition with Michigan.

The committee ruled that "under the circumstances the invitation extended to the University of Michigan by Illinois was allowed to stand."

Prof. T. A. Moran of Purdue University president of the conference committee, was quoted as saying that Michigan had made unofficial advances looking toward a return to the conference. Students and alumni of the Ann Arbor University are reported to be strongly in favor of Michigan's return. The same sentiment appears to prevail among officials of the "big nine" universities.

Michigan withdrew from the conference following the football game with the University of Chicago in 1905 in which Chicago was the victor. Michigan objected to new rules adopted.

A. A. Stagg, director of athletics at the University of Chicago, appeared to be both surprised and pleased at the action taken by the committee.

BRITISH BAR OPPOSES ADMISSION OF WOMEN

Action at Recent Meeting Occasions
No Surprise—Unwilling to Consider Matter in Absence of Many Members

London, Feb. 17. (Correspondence of The Associated Press.) Women, whatever their qualifications, are not to be permitted to practice law here if British lawyers can prevent it. At the annual meeting of the Bar, just held, they declined to consider the question of admitting them. By a large majority they defeated this motion:

"That the General Council of the Bar do consider and report upon the desirability of making provision for the admission of duly qualified women to the profession."

Sir Frederick E. Smith, Attorney-General, presided. "He would be a bold man," he declared, "who would deny that the experiences of the war might not be reasonably held to modify previous prejudices and views."

He would not seek to prejudice the issue. Still he might be permitted to point out that they were invited to consider the matter at a time when 1,300 of their number were not present. These men were the very flower of the profession and would ultimately become its leaders if they were fortunate enough to return. It was just a question whether the meeting could "with propriety or even decency, decide the matter of considering the admission of women to the Bar in their absence."

Holford Knight, who proposed the motion said: "Women in a diversity of capacities have displayed high qualities of the integrity, dignity and sense of responsibility. All I ask is that the Bar Council should consider whether the time has not arrived for deciding whether suitable women might not, with advantage be admitted to our profession." After the war, he added, it would be imperative to mobilize all the available capacity of the country and he suggested that the country had women evidently fit to become members of the legal profession.

J. H. Menzies, a lawyer who had been to the front as a captain in the Scottish Rifles, said he knew the views on the question held by his legal colleagues who had been serving with him in the war. He was quite sure they would be strongly opposed to the proposal.

"Let it be remembered," he added, "that the government gave an honorable undertaking that trade union rules, modified during war times, should be restored after the war. Is it fitting that a matter vitally affecting what is perhaps the greatest of all trade unions, should be settled in the absence of a large number of its members?"

One reason, he urged, why women should not be allowed to practice law was that "if admitted to the bar they cannot in fairness be excluded from the bench."

The defeat of the motion occasioned no surprise. That was regarded as a foregone conclusion by those who, like Lord Robert Cecil and Sir John Simon, are in favor of admitting women to the legal profession.

W. Joynton-Hicks, M. P., writing about the proposal before the law union rules, modified during war times, should be restored after the war, not only as munition workers, farm laborers, street car conductors, etc., but in occupations calling for a high degree of mental ability and good judgment. ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy Upset Stomachs in Five Minutes

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, do not bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.—Adv.

RUB NEURALGIA PAIN AWAY! QUICK RELIEF

Stop Suffering! Rub Neuralgia Pain from Face, Head or Body with "St. Jacob's Oil"

Get a small trial bottle! Rub this soothing, penetrating oil right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacob's Oil" conquers pain. It is a harmless neuralgia relief which doesn't burn or discolor the skin.

Don't suffer! It's so needless. Get a small trial bottle from any drug store and gently rub the "aching nerves," and in just a moment you will be absolutely free from pain, ache and suffering, but what will please you more is, that the misery will not come back.

No difference whether your pain or neuralgia misery is in the face, head or any part of the body, you get instant relief and without injury.—Adv.

war, he argued there must be an increasing number of avenues opened both for the working and intellectual woman.

"Today the law is nothing more or less than a glorified trade union," he says. "I suppose the bar is the strictest trade union in the land, and where every other trade union has willingly in the public interest seen its cherished principles set on one side, its rules invalidated, and its members diluted with any amount of women workers, is the law to be the only trade union to escape dilution in the public interest? We have women doctors, why not women lawyers? I do not suggest that they would have many clients to begin with, but I can imagine them of great use, both in a solicitor's office and in the chambers of a barrister."

FARM NOTES

Sold 12 Cent Hogs

Charles S. Black and Clyde Black have marketed during the past week eighty head of hogs which were sold to the Jacksonville Packing Co. These hogs averaged 200 pounds and were sold at 12c per pound. These hogs were raised on the Black farm three miles north of Jacksonville and were farrowed late in the spring. They were on pasture most of the time and were fed nothing but corn except for a few days, when they were given some stock food.

Altho Mr. Black has a large number of cows on his farm he sells whole milk and thus does not have any skimmed milk for feeding purposes. Just at present he is milking only about twelve cows and some of them are strippers, but he has cows, heifers and calves to the number of almost eighty on his farm.

Wheat Crop Report

Dr. J. W. Hairgrove has a considerable acreage of wheat on his farm just west of Jacksonville and is therefore one of the farm owners who is awaiting definite information as to the condition of the wheat with great interest. Inspection of fields on the Hairgrove farm indicates that the wheat has not been seriously damaged thus far. However, as Dr. Hairgrove said Saturday, there are plenty of chances yet for injury and it often happens that alternate thawing and freezing weather in February and March bring greater damage to the wheat than previous extreme cold weather has done.

Finds Wheat Roots Alive

William Richardson, whose farm is twelve miles northeast of Jacksonville, has nearly sixty acres of wheat on his farm. Mr. Richardson said Saturday that he had examined the fields in several places a number of times during the last few weeks and thus far the roots are alive and in seemingly good condition. The tops of the wheat are dead but he was gratified to find the roots in as good condition as his investigation indicated.

Still Holds Record

The sale of hogs made by Arthur Masters at 12c per hundred still holds the record in Morgan county. Several other sales have brought the 12c delivered price but so far as known Mr. Masters is the only stockman who has secured a 12c price for hogs weighed on the farm.

Tankage Supply and Demand

Tankage or meat meal is every year becoming more popular as a hog feed. Scientific experiments have proved beyond any doubt that, with prices as they have been prevailing, tankage is ordinarily the cheapest and best supplement to corn for hogs. But as more and more people come to realize this fact, the price of tankage will advance, until finally it will sell at a price where other feeds will be just as cheap, if not cheaper.

In a trade organ of the packers, we notice that the average hog furnishes no more than eight pounds of dried tankage and blood. Now the average hog which comes to market can consume about fifty pounds of dried tankage to advantage. In other words there is a potential demand for six times as much tankage as can possibly be supplied. It is highly essential, therefore, that the experiment stations of the country devote their attention to discovering foods which are economical substitutes for tankage—foods that will supplement corn in the cheapest and best way possible. Tankage is a splendid hog feed, but it is not wise, in view of the possible working out of the supply and demand situation, that we should get in the habit of depending on it exclusively as a corn supplement.—(From the Wallace Farmer.)

PAIGE

The Most Beautiful Car in America

Introducing-

"THE MOST BEAUTIFUL CAR IN AMERICA"

On January the First, and at the leading automobile shows, we introduced what we sincerely believe to be the most beautiful car in America.

This, we admit, is a bold and sweeping statement.

It is probably the most sensational announcement that has ever been made by a manufacturer of medium priced automobiles.

But we mean precisely what the words imply, and only ask that you reserve final judgment until you have seen the New Paige with your own eyes.

It is not our purpose, in this advertisement, to describe one single detail of the latest and greatest Paige Achievement.

We merely invite you to visit the nearest Paige Representative—key your expectations up to the very highest pitch—and determine for yourself whether or not we have been guilty of exaggeration.

A moment's reflection, however, must convince you that we would not and could not make any such claim unless it were substantially correct.

Our entire reputation and position in the motor car industry depend upon the accuracy of our public utterances.

Knowing this, it is not likely that we would voluntarily assume responsibility for a statement which could be refuted to our everlasting discredit.

If, though, you are still inclined to doubt, please remember that Paige has been one of the truly creative factors in the motor car industry.

From the very beginning our body designs have been absolutely unique and refreshingly distinctive.

If imitation is the most sincere form of flattery, we should indeed feel elated, because it is generally admitted that Paige designs have served as the models for practically every quality car in the industry.

Nothing could more strikingly emphasize the fact that Paige has always built beautiful cars—and can be logically expected to produce—"The Most Beautiful Car in America."

So far as the mechanical features of our product are concerned, you need only consult the thousands of owner records which have been established during the past seven years.

The Paige motor and chassis are world famous. They have been developed by the ripest engineering genius that the industry affords.

In them we have incorporated every improvement, every refinement, that could possibly increase the efficiency of a smooth running, ever dependable motor car.

As we have said time and time again, you can only expect to get out of an automobile precisely what the manufacturer puts into it.

There is no substitute for basic quality. To build the truly great things in this world one must work with his Heart quite as well as his Hands.

But for the present, we are going to say no more.

When you—and other Americans like you—stand before the latest and greatest Paige achievement, our case will be in the hands of the Jury.

So, please remember this advertisement at that time—every word of it—and determine for yourself whether or not our claims are justified.

In justice to your own interests, make it a special point to see "The Most Beautiful Car in America."

COMPLAINTS OF CROP DAMAGE LIFT WHEAT

Market Closes Unsettled at Same
as Previous Finish to 1 1/2 Cents
Higher—Corn Hardens a Trifle

Chicago, Feb. 17.—Many complaints
that abnormally dry weather in the
southwest and west was causing serious
crop damage gave an upward slant to-
day to quotations on wheat. The market
closed unsettled at the same as yester-
day's finish to 1 1/2 higher, with May
\$1.75 to \$1.75, and July \$1.85 to \$1.85.
Corn wound up unchanged to 1 1/2 and pro-
visions showed a rise of 1/2 to 3/4.
Disappointment over the absence of
any new export buying led to some reac-
tion in wheat prices as the day ap-
proached an end.
Some inquiry from the seaboard made
the corn market harder a trifle. Oats
reflected the changes in corn values.
Trade was so light the market

DICKASON DECORATING COMPANY

Scott Block
Formerly Alden Brown Store

I ALMOST got acquainted WITH A charming man at a DINNER PARTY last evening but THE WOMAN who sat between US HAD spent too much MONEY FOR hair that had BELONGED TO others. EVERY PLEASANTRY of mine WAS EITHER hooked by A CURL or deflected by A FAKE puff. Then, too, I FEARED THAT all of the ORIGINAL OWNERS of that ASSORTMENT of hair were TO OUR conversation. I WAS EMBARRASSED ME. Why in THE WORLD more women don't LEARN OF HERPICIDE and TRY FOR the home grown VARIETY of hair is a MYSTERY to me.

Yours for beautiful hair,
Herpicide Mary

IT IS TRUE ALL OVER ILLINOIS.

Aurora, Ill.—"It is a great privilege to recommend Dr. Pierce's Favorite Prescription. I had 'womanly' trouble which was aggravated by heavy work and lifting. I was sick every little while and ought to have given up my work, but kept on. Some other medicines had failed to help me and a lady recommended 'Favorite Prescription.' I took her advice and took the 'Prescription' for a time. First it helped me and then it cured me."—Mrs. JAS. BERGER, 226 Jackson St., Aurora, Ill.

Its ingredients are not secret for they are printed on the wrapper. What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer in either liquid or tablet form. In the meantime, address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and ask for confidential advice.

WOMEN NEED NOT WORRY OR SUFFER.

Feminine ailments once considered serious now easily conquered and speedily ended.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pellets. One laxative; two or three a cathartic.

WILLARD W. C. T. U. NOTES

Sleep Well, Brave Heart.

Sleep well, brave heart! Beloved of Christ And crowned, God gives thee sleep. The wide world's love enwraps Thy slumbers round, God gives thee sleep!

O, wondrous face! whose solemn mystic grace O'erflows the gloom Till grief in all this sorrow-shadowed place No more finds room.

Chide not our tears, so weak we are and blind, For she would share Her gladness with us who are left behind, Heed thou our prayer.

To work thy will, to follow where she trod, Without one fear; To drink her cup, to climb the heights of God, Knowing her near.

To make her joy more joyful by our strife;

So may we share e'en here, her glorious life, So shall our homes, our land in shame so long, Be cleansed from wrong.

So shall our hearts that break, thru love be strong; So shall the throng Of suffering souls still thru thy life be blest,

Thy work rests not, brave heart, Take thou thy rest."

—Tribute to Frances Willard, Feb. 17, 1898.

"Blessed are the dead which die in the Lord; they rest from their labors; and their works do follow them. He giveth his beloved sleep." The next business session of the Willard Union will be at the home of the president, Mrs. Julia T. Agnew, 314 W. College ave. Wednesday, Feb. 28, at 2:30 p. m. All members are urged to be present, as the business is important.

Latest Legislative Victories.

Both houses of the United States Congress have passed the Jones bill, providing for prohibition in the territory of Alaska.

Both houses of Indiana's Legislature have passed a bill providing for state-wide prohibition.

A measure providing for submission of a prohibition amendment has passed both houses of the Iowa legislature. Iowa now has statutory prohibition.

Both houses of the Utah legislature have passed a bill providing for state-wide prohibition.

The legislature of Arkansas, Oregon and Tennessee have passed "bone dry" measures. These have been signed by the respective governors.

Illinois Senate passes Prohibition bill. The "drys" expect a majority in the House.

The lower house of the Oklahoma legislature passed a "bone dry" measure without debate. It now goes to the senate.

A measure limiting the alcohol content of whisky, rum, brandy, gin, liquors and wines to 10 per cent has been introduced in the California senate.

"Realizing the death rate caused directly and indirectly by the use of alcohol, it seems a part of the duty of the medical profession, whose work it is to prevent as well as cure disease, to use their efforts to discourage and put a stop to this evil, which is exacting such a heavy toll from mankind. Therefore be it resolved that the Manatee County Medical Association will discourage the writing of prescriptions for its indiscriminate use. Resolved, second, That alcohol as a stimulant, can be eliminated from the pharmacopoeia without in any way crippling the efficiency of the doctor's armamentarium."—Florida Medical Association.

"Alcohol has caught the boy. Now boycott the alcohol."

BRADY BROS.

OUR SPLENDID VINOL

Quickly Stopped Mr. Clark's Hang-on Cough

We have seen right here in Jacksonville such wonderful results from the use of Vinol in such cases, that we agree to return the money to anyone who tries it and does not get the same result Mr. Clark did. He says:

"I used Vinol for a chronic cough and hard cold which it seemed impossible to get rid of. At nights I would cough violently so I couldn't sleep. I learned about Vinol through a friend who had used it at the house where I am living, and the result of its use in my case was that the hard cold was soon well and the chronic cough disappeared in very short order." F. J. Clark, 9 Pearl St., Amsterdam, N. Y.

It's the beef and cod liver peptones, iron and manganese peptones and glycerophosphates contained in Vinol that makes it such a successful remedy for chronic coughs, colds and bronchitis. Try it on our guarantee.

JUST because their sale has reached such enormous proportions—and the ever-growing volume has kept down manufacturing costs—can we still sell this nationally-favored BLOUSE at \$2.00. There is so much good that can be said about them that we'll just sum it up in the one statement that they are far better BLOUSES in every respect than \$2.00 could ordinarily buy. This explains why every woman who has learned of their unusual merit is now buying them repeatedly.

Now We Have It

How many times have you gone into the field and noticed one hill of corn up and doing nicely while others are just breaking through. Here is the reason. Lack of uniformity in placing the seed in the ground, regardless of soil conditions, the seed used, or weather. The Blue Star four wheel planter insures a proper start. The seed is planted uniformly, perfectly, due to the perfect mechanical principles involved in the construction of the planter.

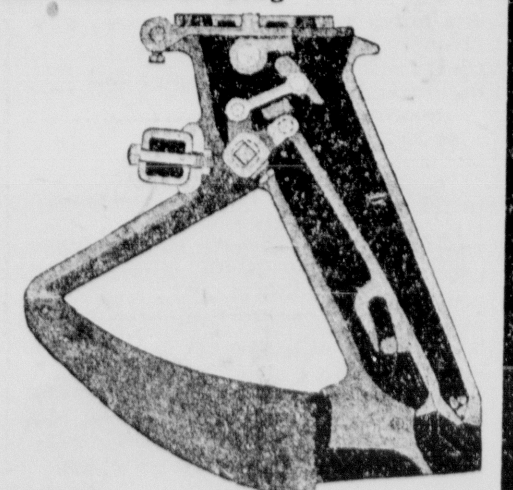

The runners are set back between the wheels, and corn is dropped within seven inches of the covering point between the wheels. Their close coupled arrangement insures that every kernel of corn is planted exactly the same depth. The seed cannot be scattered on top of the ground or planted so deep it will not germinate. The shoe floats through the ground accommodating its depth to any variation of the wheel as it travels over the ground. By this close coupled arrangement the soil is packed back into the furrow at once. No clogging in the wheel possible.
